

STUDENT-CENTERED LEARNING RESEARCH COLLABORATIVE

WHAT

...are the goals of the Research Collaborative?

CATALYZE

Support new and innovative research that catalyzes action and builds coherence within the field.

CURATE

Curate best and most relevant scholarship and practices and communicate findings.

CONNECT

Connect research and implementation to learn from and inform practice and policy.

HOW

...is the Research Collaborative structured?

7 ADVISORS

Prominent national leaders who cross research, practice, and policy.

5 RESEARCH STUDIES

- ② Basic exploratory studies
- ② Implementation science studies
- ① Landscape scan of existing student center learning research

9

FELLOWS bring a background of exceptional vision and impact on the student-centered learning movement in research, practice, and policy across the New England region.

Will produce resources for the research collaborative:

Podcasts Videos Webinar Infographics

Blogs & Op-Ed Research Articles Professional Development

> PARTNERS

Funding collaborative Leaders across research, practice, and policy Communities of practice

- > CROSS SECTOR COLLABORATION
- > ATTENTION TO EQUITY
- > UNANSWERED QUESTIONS
- > IMPLEMENTATION AT SCALE
- > DIVERSE & SCATTERED FIELD

WHY

...is the Research Collaborative needed?
